Re: Kathy Maloney - Project Manager
Maloney Contractors Ltd
4049 Westside Road, Kelowna BC V1Z 3W8

To Whom it May Concern:

The Salvation Army in partnership with BC Housing purchased and renovated a former motel in Fort St John to accommodate the new Salvation Army Northern Centre of Hope facility to provide program services, shelter and transitional housing for men and women in the community.

Maloney Contractors were selected to provide general contracting services for the project and work commenced in the fall of 2013 and was substantially completed in December of 2014.

We were very impressed with the services provided by Maloney Contracting both on site and in terms of their administrative capabilities. Working within a tight timeline and meeting the requirement for documentation submissions in order to expedite the flow of funding for the project was a top priority of the team. Kathy Maloney was able to meet the rigorous requirements of both the Salvation Army and BC Housing in this regard.

We were also aware of the proactive manner in which Kathy summarized meeting minutes, action items and project documentation. There were seldom any issues left unresolved and this contributed to our meeting an extremely tight completion schedule and enabling the Salvation Army to begin offering housing, food and counselling services just as the winter weather arrived in late 2014.

Kathy was a prime contributor to our process and despite operating from a remote location, her administrative, organizational and process skills were evident to all involved.

We would have no hesitation in asking Kathy and Maloney Contracting to provide services to The Salvation Army in the future and I would be pleased to discuss this recommendation further if required.
